

# PLAN FOR YOUR PET

How do you ensure your pet is properly cared for if the unexpected happens to you?

**A PET TRUST!**

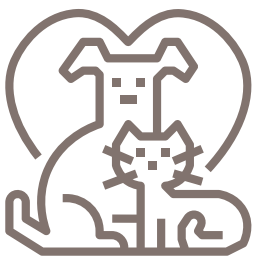

## WHAT'S A PET TRUST?

A legal arrangement providing for the care of your fur-family.

## WHY SET UP A PET TRUST?

It allows you to identify who will care for your pet so he or she doesn't end up in a shelter or homeless.

## HOW CAN A PET TRUST HELP?

It ensures a plan is in place, rather than assuming a friend or family member will lovingly welcome your pet into their home.

## WHAT DOES A PET TRUST DO?

It sets aside funds so your pet's caregiver has the resources necessary to give your pet the care you'd want no matter what.

## HOW DOES A PET TRUST PROTECT YOUR PET?

It enables you to outline your pet's special care needs for potential future caregivers, such as favorite foods, medical issues, and even must-have chew toys.
